A NOTICE TO THE INDUSTRY

FROM MEMBERS OF THE CALIFORNIA PISTACHIO BOARD

The following California Pistachio Processors & Handlers, representing almost half of industry volume, have become signatories to the CFDA California Pistachio Marketing Agreement. We declare commitment to the following quality principles:

- * To offer no product for sale that is a blend of naturally and artificially opened pistachios.
- * To offer no product for sale that has been bleached.
- * To offer only open inshell pistachios or kernels for export to **Australia, Canada, the European Union, Norway, Switzerland, Japan or New Zealand** that have been tested in accordance with the respective importing country's aflatoxin regulations.
- * To require all aflatoxin testing to be performed by a United States Department of Agriculture-accredited laboratory and to provide a documented aflatoxin certificate.
